

OAKHAM SURGERY
NHS FRIENDS AND FAMILY TEST RESULTS MAY 2016
(11 RESPONSES RECEIVED)

How likely are you to recommend our GP Practice to friends and family if they needed similar care or treatment?

Here are some of the comments you made:

- I love the treatment you get from the nurses; professional and polite
- Dr First is a good thing – at least the people that are genuinely ill get an appointment without waiting two weeks
- New patient – registered quickly and there's a pharmacy onsite
- Sexual health clinics were great. Not as many available now
- Lovely GP surgery
- Surgery has changed
