

OAKHAM SURGERY
NHS FRIENDS AND FAMILY TEST RESULTS March 2016
(18 responses)

How likely are you to recommend our GP Practice to friends and family if they needed similar care or treatment?

Here are the comments you made:

- Don't like the new phone system, but Doctors are very good
- This Surgery is a good place, the Doctors are always nice and reception staff are always happy to help you
- I have been here years and would recommend this Surgery
- Difficult to get an appointment. Very inconvenient to have to speak to a Doctor to get an appointment.
- Nice people who work here and always happy to assist where needed
- I like the Doctors call back system as you always get to speak to a GP when needed
